ten-minute cab ride from the cruise port and centrally located in downtown Cozumel near shopping and restaurants, a variety of dolphin experiences and interactions are offered.

## **VIP Dolphin Swim Blu by Dolphinaris**

This excursion includes swimming with the stingrays, kayaking or stand up paddleboarding in the ocean, a four-course lunch, and of course the highlight: swimming with the dolphins. The 40-minute dolphin encounter includes getting a dolphin kiss, dancing with the dolphins, swimming with them and learning about their environment and natural habitat. This VIP excursion means travelers get their own private seaguard concierge staff member, catering just to them. There's also a private VIP area which has an infinity pool, all-inclusive bar (for both alcoholic and non-alcoholic drinks), a lounge area with daybeds, lounge chairs, towels and private locker room area. The seaguard concierge staff member will be accompanying the family/group for the four-hour stay, so he can answer any questions, take photos with his professional camera and guide travelers to various areas on the property.

Dolphins use sonar to communicate LIGHTROCKET VIA GETTY IMAGES

## Dolphin True Connection

For kids 12 and older, the Dolphin True Connection experience is a good option. This excursion includes communicating with the dolphins via sonar. Travelers will put on dark-lense goggles and float face up in the water, with their ears submerged to be able to hear the dolphins “talk” using sonar. You’ll also feel the heartbeat of the dolphin and learn about this friendly mammal’s habits. A dolphin fin charm made from recycling materials is the souvenir given to each visitor. Also, included is the four-course lunch, VIP infinity pool area, private guide, and drinks.

## Friendly Encounter Experience

This experience caters to those who feel more comfortable staying in

shallow water. It's ideal for younger kids, older travelers and those not super comfortable swimming if their feet can't touch the ground. It's open to kids older than three years of age and taller than four feet. It includes a dolphin kiss and interaction, while standing on a platform in shallow water.

## **Little Ambassador Experience**

For kids ages 6-11 who really love dolphins and want a unique experience, the Little Ambassador program is a good option. It starts by giving kids tips to care for the ocean and wildlife in it, including dolphins. The goal is to inspire kids to become "Little Ambassadors" long after they leave Cozumel and return home. This activity includes dolphin interaction as well as a digital pledge made by the kids to be ambassadors to the earth.
